Vicky - no letter from the constituent, just a phone call. I'm cc'ing Ann and Sue since they're looking at your draft to make comments. I'm wondering if we need to bring in OECA since it's asking for a federal investigation?

I just heard back from Sestak's staffer. There is no attachment. The constituent made comment via phone.

Pamela

The constituent letter not being attached could also have been an oversight on Sestak's staff part. I will contact to

confirm. Thanks.

Pamela -

The latest Sestak letter was assigned to the Region. Have you seen this one?

It's about a constituent concern, but the constituent letter isn't attached. R3 talked to their OCIR contact who suggested that it was intentional and that sometimes congresspeople just summarize the citizen comment. Since this letter indicates their should be an enclosure, though, we thought it might just have been an error.

I told R3 I'd see if you could help us out.
